EAGLE RADIO PRESS RELEASE

PRESS RELEASE: A million visitors a year now using Eagle Radio website

Eagle Radio are celebrating after latest figures showed that the station's official website has received over one million visits in the past twelve months. The station has also seen a significant rise in page visits during the same period, whilst the average duration per visit is now a staggering thirty-three minutes.

The Guildford-based station has invested a six-figure sum in developing the site and Managing Director, Paul Marcus is delighted with the growing interest in www.964eagle.co.uk 'We set out to create a website and service that would give value to anyone living or working in Surrey and Hampshire. In a world where more and more people are turning to new media; our aim is to be their first choice for local information'

In addition to a regularly updated News service, the website has a series of lifestyle sections and even a shop allowing visitors to purchase vouchers for discounted products and services.
