EAGLE RADIO PRESS RELEASE - For release
9am Monday 9th September

Eagle Radio and G Live team up to give you the chance to see local bands perform live - FOR FREE

On Wednesday 16th October G Live and Eagle Radio will host Local Showcase Live, a night of music from the best local bands as featured on Eagle Radio.

With G Live and Eagle Radio joining together this gig is a bit different and it is **completely free to enter**.

For years Eagle Radio has championed Surrey and Hampshire's unsigned talent through its "Live Sessions" on a Sunday night and for the last year Eagle Radio's sister station, Eagle Extra, has brought a whole hour every Wednesday evening of the best in local talent and live music happening locally.

Eagle Radio's Programme Director, Peter Gordon, says the move to a huge live show was the obvious next step:

"With so many bands in the area and with a great venue like G Live this sort of event felt just right – and the fact that it is totally free to get in means local music supporters and fans can plan an extra night out on us! Hopefully, this is the first of many such nights."

G Live, which is supported by Guildford Borough Council, has always had a remit to support great local events and be a real local community institute. After a year where the chances to support local music has massively diminished, G Live's Venue Director, Alvin Hargreaves, says this gig is what the community is calling out for:

"G Live is a great music venue ideally suited to present quality professional live music events and we want to provide a platform for young local musical talent too. This is a really exciting event that will give the opportunity for up and coming bands from the area to experience playing in a major venue. G Live and Eagle Radio hope it will become a regular part of the venue's live concert programme and support the wider Guildford music scene"

Doors open at 7pm on Wednesday 10th October. The confirmed line up is:

- The Fresh Dixie Project
- Martha Paton
- Echo Park
- Paper Boat and;
- A DJ Set from Fauxlo

The free tickets are available on the door, however to guarantee entry you can book tickets for free in advance from GLive.co.uk.

To find out more about the gig, the bands and booking your free tickets go to 964eagle.co.uk/localmusic.
